L. P. Braxton
Administrator
Mineral Resource Development
and Reclamation Program

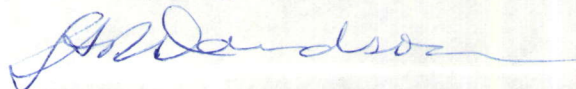

Dear Mr. Braxton:

In regards to your letter of September 19, and our conversation of the 25th, I wish to reaffirm that my pilot plant is not complete but we expect to complete it some time in October.

When the plant is complete, I intend to sample the different properties I control so as to get the maximum return from the ore we intend to use in our pilot plant.

At that time I will come to Salt Lake City and arrange with you the permits, licenses etc. that is required.

Thank You,
Yours truly,

H. R. Davidson
